Heating Piping & Air Conditioning

1963 VOLUME INDEX
January-December
Vol. 35, Nos. 1-12

This index includes the feature editorial material, Open for Discussion, Question of the Month, and You'll Want To Know departments appearing regularly in each issue. The You'll Want To Know pages include items of news, comments on current events, etc. A complete directory section covering heating, piping, and air conditioning equipment for industry and large buildings was published in the January issue.

The articles are indexed by type of construction, system, or function. For example, the article "Plant Management Chooses Gas Engine Air Conditioning" is indexed under the key words "Air Conditioning," and "Gas Engine."

The month and page number that appear in italics *in the index refer to comments on the indexed article. These comments appeared in the "Open for Discussion" pages.*

Published monthly by the Keeney Publishing Co., subsidiary of Reinhold Publishing Corp., 6 N. Michgan Ave., Chicago, Ill. 60602

A

ADC's Test Code. How Air Diffusing Equipment Is Sound Rated Under, by William L. Batchelor and William J. Waeldner ..... November 143

ADC's Test Code. How Air Flow Tests are Performed Under, by Harold Straub and Gordon Sylvester ..... September 128

ASEE To Study Future Engineering Education ..... August 42

Absorption Systems For Low Operating Costs. How To Design Centrifugal-, by F. F. Stevenson ..... January 160; *April 79; June 102*

Absorption Systems. How To Control Centrifugal, by F. F. Stevenson ..... July 122

Absorption Systems. How To Estimate Operating Costs For Centrifugal-, by F. F. Stevenson ..... March 126

Addresses for Engineering Societies, Associations. Directory of ..... May 147

Adsorbents. Dehumidification by Solid, by Anthony Hass ..... January 173; *September 96, 98*

Agricultural Engineers To Hear About Equipment For Environment Control ..... November 68

Air-to-Air Heat Exchanger. The Rotary, by Frank A. Stanton ..... February 121

Air Condition Desert Plant for Computer Manufacturing. A Design Challenge, by Stanley F. Schure and Charles D. Williams ..... March 99

Air Condition Underground Building for Use as School or Shelter, by Marcello Giomi ..... June 125

Air Conditioned Elevated-Subway Cars. Chicago Transit Authority to Purchase ..... August 42

Air Conditioning? Can Gas Turbines Compete as Power Sources for, by A. Eugene Congress ..... December 87

Air Conditioning Costs. Compact School Design Cuts, by Denard L. Gusler ..... December 95

Air Conditioning Costs, SMU Revisited — A Second Look at University, by D. C. Pfeiffer ..... January 179; *May 91*

Air Conditioning. Dynamically Integrated Lighting and, by Gershon Meckler, Alfred E. Hoertz, and Milton Meckler ..... April 124

Air Conditioning. Engineers' Study Points to Gas Engine Drive For School, by Lee R. McClure ..... April 98

Air Conditioning a 41 Story Office Building, by Lyman R. Flook ..... December 118

Air Conditioning. How To Select Air Washers For Summer, by A. D. Passey ..... February 98

Air Conditioning. How To Select and Integrate Equipment for Computer Room, by F. J. Grande ..... July 96

Air Conditioning Installation Points Up Advantages of Integrated Lighting — (Open for Discussion), by Lester S. Ries ..... January 124

Air Conditioning Installed Values Reach Almost A Billion Dollars in 1962 ..... September 48

Air Conditioning Insulation. Cites Limitations of NIMA Method for — (Open for Discussion), by C. F. Gilbo ..... January 117

Air Conditioning for New Schools? They're Obsolete Without It — (Open for Discussion), by Ross Tippett ..... January 117; Aug. 76

Air Conditioning Operating Costs. Office Building Owners Report ..... July 41

Air Conditioning Operating Costs. Sprayed Roof Ceiling System Cuts ..... August 46

Air Conditioning. Plant Management Chooses Gas Engine, by John T. Cartland ..... December 105

Air Conditioning For Protective Clothing. Built-in ..... December 24

Air-Cooled Condensers Supplement Cooling Tower to Prevent Icing ..... March 44

Air Diffusing Equipment Is Sound Rated Under ADC's Test Code. How, by William L. Batchelor and William J. Waeldner ..... November 143

Air Distribution Economy in Remodeled Office Building. Single Inlet Mixing Units Provide, by Maurice Gamze ..... April 114

Air Flow. Chart Guides Selection Of Orifice, Nozzle Diameters For Measuring Standard, by Carl W. Coblentz ..... October 143

Air Flow Field Tests, What To Expect — (Open for Discussion), by J. A. Bishop ..... January 118, March 92, 94; April 79

Air Flow Tests Are Performed Under ADC's Test Code. How, by Harold Straub and Gordon Sylvester ..... September 128

Air Heating Coils. Where To Locate Vacuum Breakers For, by Joseph M. Thompson ..... November 140

Air Mixture Temperatures. Chart Accounts for Density In Determining, by F. Caplan ..... April 135

Air Pollution Control. National Conference Studies Progress in ..... March 48; Sept. 100

Air Pollution Control Training Program. W. Va. University to Plan ..... November 66

Air Pollution Meeting Stresses Understanding and Cooperation ..... August 44

Air Pollution Research. U. S. PHS Reviews 1962 Grants for ..... February 173

Air Requirements. Chart Rapidly Determines Theoretical Combustion — (Open for Discussion), by Denis

Csathy ..... March 91
Air Source Heat Pump Serving Office Building Complex. Trichloroethylene Conveys Heat In, by Ross E. Polkinghorne ..... May 133; *October 85; November 104*
Air-Supported Structures To Ohio Building Code. Add Chapter on ..... November 64
Air Washers for Summer Air Conditioning. How To Select, by A. D. Passey ..... February 98
Animal Room Conditions. Questionnaire Reveals ..... October 98
Aquarium. Hard Rubber Pipe, Fittings Withstand Test of Time in Salt Water ..... September 44
Architect Is Liable for Approving Excessive Payments to Contractor, by R. A. Brown ..... July 128
Arizona Consulting Engineers Association Joins CEC ..... November 68
Atomic Age. Temporary Heating In The ..... December 26
Automatic Controls. Don't Tamper with, by John M. Hartman ..... September 138

B

Backwoods Btu's, by Alfred D. Sullivan ..... July 99; *December 75*
Baker, Dr. Merl, to Join University of Missouri Faculty ..... June 45
Balancing Air Distribution Systems. Ventilating Contractors' New Manual Establishes Guidelines for Testing and ..... April 103
Bedford, Thomas, Dies at Age 69 ..... September 52
Bellows Flow Meters Perform In Steam and Fluid Flow Services. How, by W. R. Woolrich and Jack L. Flowers ..... July 129
Bids, Single Contracts. The Chicago Plan For Separate ..... May 40
Biomedical Engineering — What? Why? How? ..... December 129
Boiler. The Case of the Leaking, by C. T. Baker ..... April 123
Boiler Efficiency. Conversion to Low Pressure Steam Brings Higher — (Open for Discussion), by John M. Hartman ..... February 88
Boiler Title to Building Mortgage Holder. Installer Loses, by R. A. Brown ..... September 127
Boiler Water Gages. Accuracy Tests Show How To Connect, by John M. Hartman ..... January 158; *February 85; June 99*
Boiler Water Treatment Can Be Worse Than No Treatment. Random, by John M. Hartman ..... March 142
Boilers. On the Care and Operation of Heating, by John Van Varick Elsworth ..... October 105
Boilers. Pointers on the Installation of Draft Inducers on Low Pressure, by H. A. Reynolds ..... June 115
Boilers Supply Temporary Heat to School. Residential ..... March 47
Building Industry Can Profit from Refrigerated Fixture Experience — (Open for Discussion) by D. C. McCoy ..... February 88

C

CEC To Develop System of Nominating Consulting Firms for Foreign Projects ..... January 45
CEC Elects Officers; Fosholt Named President ..... April 175
CEC 1963 Annual Meeting. Install New President, Organizations at ..... August 40
Ceiling Distribution Permits Less Complex Design Procedures. Feels — (Open for Discussion), by Elliott Godes ..... April 83
Ceiling Systems. How To Deal With Plenum Leaks In Ventilating, by Thomas Mariner ..... November 160
Ceilings. Plenum Engineering — A Key to Success with Ventilating — (Open for Discussion), by Thomas Mariner ..... April 84
Centrifugal-Absorption Systems. How To Control, by F. F. Stevenson July 122
Centrifugal-Absorption Systems. How To Estimate Operating Costs For, by F. F. Stevenson ..... March 126
Centrifugal-Absorption Systems For Low Operating Costs. How To Design, by F. F. Stevenson ..... January 160; *April 79; June 102*
Centrifugal Chillers. Purging Hermetic, by J. A. Bishop ..... August 101
Centrifugal Compressors. Natural Gas Engine Drive for — (Open for Discussion), by J. C. Conrad ..... April 80
Certification. Engineering Technicians Can Now Apply For NSPE ..... May 40
Changeover Problems. Time Adjusted Valves Eliminate Heating-Cooling, by G. H. Avery ..... May 140
Chicago Mechanical Contractors Observe 75th Anniversary ..... July 41
Chicago Plan For Separate Bids, Single Contracts. The ..... May 40
Chillers. Purging Hermetic Centrifugal, by J. A. Bishop ..... August 101
Chillers. Research Lab's Engineers Choose Gas Engine Driven, by Hunt V. Martin, Jr. ..... June 143
Chimneys and Stacks. Nomograph Determines Theoretical Natural Draft of, by F. Caplan ..... February 131
Clean Room Air Conditioning Systems. Design Criteria For — (HPAC Engineering Data File) ..... November 165
Clean Room Air. Sampling the — (HPAC Engineering Data File) ..... May 149; *August 75*
Clean Room. In Search of a — (HPAC Engineering Data File) ..... January 187
Coils. Where To Locate Vacuum Breakers For Air Heating, by Joseph M. Thompson ..... November 140
Cold Insulation for Piping. How To Estimate Costs of, by T. N. Dinning ..... July 119; *November 102*
Combustion Air Requirements. Chart Rapidly Determines Theoretical — (Open for Discussion), by Denis Csathy ..... March 91
Company Sued in State Where It Has No Offices, Does No Business, by Robert A. Brown ..... December 124
Compressors. Natural Gas Engine Drive for Centrifugal — (Open for Discussion), by J. C. Conrad ..... April 80
Computer Manufacturing. A Design Challenge — Air Condition Desert Plant For, by Stanley F. Schure and Charles D. Williams ..... March 99
Computer Room Air Conditioning. How To Select and Integrate Equipment for, by F. J. Grande ..... July 96
Computers Are Not Practical for All Piping Cost Estimate Work — (Open for Discussion), by Vincent J. Green ..... February 88
Condensation — New Method Tells How to Determine Insulation Thickness, Preventing Surface — (Open for Discussion), by J. M. Barnhart ..... January 118
Condensation in Curling Rinks. How To Control ..... January 48
Condensation In Heating This Swimming Pool. How To Prevent, by Donald H. Snyder ..... November 126
Condenser Cooling Service? How Can We Pipe Seawater For — (Question of the Month), by James A. Fife ..... July 87
Condensers Supplement Cooling Tower To Prevent Icing, Air-Cooled ..... March 44
Construction Contracts — Second Highest on Record. ..... November 66
Construction Forecast for 1963: Nonresidential Building to Rise ..... September 46
Construction Industry in 1962. Study Shows Business Failures for ..... September 48
Construction Registers 11 Percent Gain in 1962. New ..... March 43
Contamination Control. The Good Years for ..... June 148
Contract. Knowledge of Mistake Precludes Formation of, by R. A. Brown ..... January 182
Contractor Conveys Assets to Wife To Escape Payment of Debts, by R. A. Brown ..... November 142
Contractors Unite To Protect Separate Contracts Law. Specialty ..... April 43
Control Centrifugal-Absorption Systems. How To, by F. F. Stevenson ..... July 122
Control in the Fabrication of Refrigerant Piping. Employ Quality, by Henry L. Mayers ..... December 92
Control Unit Ventilators. Dampers, by Ralph Smith ..... March 136
Controls. Don't Tamper with Automatic, by John M. Hartman ..... September 138
Cooled by Heat Pump System. Northern School Will be Heated, ..March 45
Cooling To Douglas Space Center on Metered Basis. Firm To Sell Heating, ... April 41
Cooling and Heating: How They Are Being Applied. Thermoelectric Systems of, by Alwin B. Newton ..... December 125
Cooling and Heating. Thermoelectric Systems Of, by Alwin B. Newton ..... October 123; November 152
Cooling-Lighting System Works. Has Own Ideas on How Integrated — (Open for Discussion), by A. M. Laukaitis ..... January 124

Cooling Problems. How Motel Solved Intermediate Heating and ....October 44
Cooling System Cuts Air Conditioning Operating Costs. Sprayed Roof .....August 46
Cooling Tower Noise. What To Do About, by Herman Seelbach, Jr., and Frederic M. Oran .....June 150; *August 76*
Cooling Tower Fog Near Expressway. Use of Gas Burners Eliminates .....November 62
Cooling Tower To Prevent Icing. Air-Cooled Condensers Supplement .....March 44
Cooling Tower Utilizes Natural Draft Air Convection. Hyperbolic .....July 42
Cools Satellite Terminals. Radiant Floor System Heats, by J. S. Hamel and R. W. Steele .....January 135; *May 92, 94*
Copper Development Association to Promote Use of Copper .....March 46
Copper Plates Out on Journals. Wet Refrigerant Piping Stops Compressor When, by Alfred D. Sullivan .....December 131
Corrosion and Its Prevention — (HPAC Engineering Data File), by Charles M. Loucks .....March 145
Cost Estimate Work. Computers Are Not Practical for All Piping — (Open for Discussion), by Vincent J. Green .....February 88
Cost Estimates. New Labor Unit Improves Accuracy of Piping Installation, by Louis L. Perry .....April 95
Costs for Better Industrial Heating. Evaluating Performance and, by A. P. Loeb .....October 135
Costs For Centrifugal-Absorption Systems. How To Estimate Operating, by F. F. Stevenson .....March 126
Costs of Centrifugal Process Pumps. How To Estimate, by T. J. Sniffen and E. J. Serven .....January 168
Costs of Cold Insulation for Piping. How To Estimate, by T. N. Dinning .....July 119; *November 102*
Costs. Compact School Design Cuts Air Conditioning, by Denard L. Gusler .....December 95
Costs. How To Design Centrifugal-Absorption Systems For Low Operating, by F. F. Stevenson .....January 160; *April 79; June 102*
Costs of Hot Insulation for Piping. How To Estimate, by T. N. Dinning .....January 160; *April 79; June 102*
Costs of Instrument Installations. How To Estimate — (Open for Discussion), by L. L. Perry .....March 96
Costs. Office Building Owners Report Air Conditioning Operating .....July 41
Costs. Plastic Pipe Reduces Waterworks' Piping .....August 44
Costs. Simple Card Record System Cuts Piping Maintenance, by D. G. Poppe .....April 134
Costs. SMU Revisited — A Second Look At University Air Conditioning, by D. C. Pfeiffer .....January 179; *May 91*
Costs with Stapler. Insulation Contractor Cuts U. S. Navy Contract .....August 46
Costs. Urges Author To Continue Efforts In Estimating Instrument — (Open for Discussion), by James H. Shaw .....*March 96*
Court Blocks City's Attempt To Profit from Contractor's Error in Bid, by R. A. Brown .....May 146
Critical Path Method Controls Piping Installation Progress. How, by E. John Mark .....September 121
Cryogenic Piping. Flexible Metal Hose Handles Vibration, Expansion in .....November 115
Curling Rinks. How To Control Condensation in .....January 48

D

Dampers Control Unit Ventilators, by Ralph Smith .....March 136
Data Sheet's Use Limited: Suggests Directions for Extension, Finds — (Open for Discussion), by Harry Cullinane .....*March 91*
Death in a Hole .....November 155
Degree Days, Nomograph Determines Fuel Oil Requirements from, by F. Caplan .....March 143
Dehumidification by Solid Adsorbents, by Anthony Hass .....January 173, *September 96, 98*
Design. Apply Basic Flexibility Data to Facilitate Piping, by John A. Masek .....December 100
Design Considerations? Are You Guilty of Neglecting These, by Samuel R. Lewis .....January 167
Design Considerations For Pumping Viscous Liquids, by Don Meier .....November 134; December 108
Design Criteria For Clean Room Air Conditioning Systems — HPAC Engineering Data File — ....November 165
Design of a System and Its Weld Joints Aids in the Prevention of Pipe Failures, How Proper — (Open for Discussion), by Helmut Thielsch .....January 122
Designing for Thermal Expansion Through Piping Configuration, by John A. Masek .....November 123
Direct-Fired, Unvented Makeup. Spray Painting Conditions Provided by .....May 143
Douglas Space Center on Metered Basis, Firm To Sell Heating, Cooling To .....April 41
Draft of Chimneys and Stacks. Nomograph Determines Theoretical Natural, by F. Caplan .....February 131
Draft Inducers on Low Pressure Boilers, Pointers on the Installation of, by H. A. Reynolds .....June 115
Drip Legs for Steam Lines? How Does One Design — (Question of the Month), by T. Robert Stevens .....October 89
Dual Duct System Conditions School For Learning or for Survival ....July 114
Duct Manual, SMACNA Revises Its Low Pressure .....August 108
Duct System Conditions School for Learning or for Survival, Dual July 114
Duct, Ventilating Ceiling. Small Office Building Air Distribution Uses Glass Fiber, by George T. Dearing .....December 114

E

E Flat, by Alfred D. Sullivan .....November 157
Economic Picture, Tax Cut Is Key Determinant of 1963 .....January 43
Elbow Losses in Rectangular Duct. Nomograph Aids Computation of 90 Deg., by F. Caplan .....December 135
Elbows and Miters, New Tables Give Properties Of Weld, by Theodore E. Bridge and Donald R. R. McIlvain ..... January 153; March 131
Electric Heat Understated in School Survey, Feels Extent of—(Open for Discussion), by R. L. Boyd .....*March 91; June 94*
Electric Heat Warms Kindergarten Floors in Chicago Schools .....December 102
Electric Heating Unit Ventilators. Compares Experience in Controlling (Open for Discussion), by Joseph E. Biro .....*February 88*
Electric Motors From High Temperatures With Aid of Nomograph. Protect, by F. Caplan ....November 147
Elevated-Subway Cars, Chicago Transit Authority to Purchase Air Conditioned .....August 42
11th Congress in Munich, IIR Holds, by W. F. Stoecker .....November 132
Engine Drive For School Air Conditioning, Engineers' Study Points to Gas, by Lee R. McClure ..April 98
Engineer May Incur Liability For Refusing To Approve Contractor's Work, by R. A. Brown .....June 132
Engineering Education, ASEE to Study Future .....August 42
Engineering Manpower. Report on Present Position of Nation's .....August 40
Engineers Join Scientists to Advise Government on Nation's Technological Problems .....July 42
Environment Control. Agricultural Engineers to Hear About Equipment for .....November 68
Environment—Learning Studies Reported by University of Iowa Educators, Thermal .....June 43
Environment, Piping Air Research in New Laboratory. Controlled, by Murray Halperin and Kenneth J. Ellis .....May 107
Environmental Research. Kansas State University Dedicates Its Institute for .....December 23
Environmental Research Lab Nears Completion at KSU. ASHRAE .....September 52
Equivalent Full Load Hours. The Myth of, by A. Eugene Congress .....May 124
Estimate Costs of Centrifugal Process Pumps. How To, by T. J. Sniffen and E. J. Serven .....January 168
Estimate Costs of Hot Insulation for Piping. How To, by T. N. Dinning .....June 133; *November 102*
Estimate Costs of Instrument Installations. How To—(Open for Discussion), by L. L. Perry ....*March 96*

Estimate Operating Costs For Centrifugal-Absorption Systems. How To, by F. F. Stevenson .....March 126
Estimates. New Labor Unit Improves Accuracy of Piping Installation Cost, by Louis L. Perry .....April 95
Estimating Instrument Costs. Urges Author To Continune Efforts In—(Open for Discussion), by James H. Shaw .....*March 96*
Evaporation of Water. Chart Gives Estimate Of, by John D. Constance .....July 133
Exchanger Installations, Why Pay the Extra Cost Of a Water Box? In Tubular Heat, by D. E. Chubb .....May 137
Exhaust Systems and Discharge Stacks. Planning for Safety in Industrial Ventilation—The Design of, by John H. Clarke .....May 118; *August 78, 80, 86; October 86*
Expansion Tanks. Nomograph Permits Rapid Sizing of Hot Water, by F. Caplan .....September 139
Expansion Through Piping Configuration. Designing for Thermal, by John A. Masek .....November 123
Export of American Engineering. 200+ Attend International Institute To Promote .....April 44

F

Failures, Experience and Integrity of Fabricator Are the Best Assurances for the Prevention of Pipe, by Helmut Thielsch .....February 115; *June 93*
Failures, Relate Welding Processes to Materials and Conditions for The Prevention of Pipe, by Helmut Thielsch .....March 104
Fallout Shelters. Engineers to Learn how to Provide Mechanical Services for .....September 44
Fallout Shelters. Report on Temperature Limit In .....October 42
Fan Laws on Single Chart for Rapid Fan Selection. Combine Performance Data, by F. G. Furse .....September 107
Fan Selection for Temperature and Altitude. Nomograph Guides, by F. Caplan .....June 159; *August 88*
Federation, Industry Trade Associations Explore Possibility of ..January 47
Field Tests, What To Expect from Air Flow—(Open for Discussion), by J. A. Bishop .....January 118; March 92, 94; April 79
File and Index Manufacturers' Literature. How To, by Betty L. Lee .....February 103; *July 79, 80*
Fire Damper Specifications. Contractor Asks System Designers To Clarify .....January 44
Flexible Metal Hose Handles Vibration, Expansion in Cryogenic Piping .....November 115
Flexibility Data to Facilitate Piping Design. Apply Basic, by John A. Masek .....December 100
Fluid Flow Services. How Bellows Flow Meters Perform In Steam and, by W. R. Woolrich and Jack L. Flowers .....July 129
Fluid Mixer Provides Nonturbulent Flow. Stationary, by D. G. Poppe .....March 118
Foreign Projects, CEC To Develop System of Nominating Consulting Firms for .....January 45
Fuel Cell Being Developed at Institute of Gas Technology ..September 43
Fuel Costs Should Be Evaluated, How Comparative—(Open for Discussion), by Lee Polisner .....January 122
Fuel Oil Requirements From Degree-Days, Nomograph Determines, by F. Caplan .....March 143
Fuel Savings to New Burner; Not to Switch from No. 5 Oil. Credits—(Open for Discussion), by Max Seltzer .....May 94
Fuel Transportation: What Every Engineer Should Know, by Willie Hammer .....January 183; *June 102*
Full Load Hours, The Myth of Equivalent, by A. Eugene Congress .....May 124

G

Gages, Accuracy Tests Show How To Connect Boiler Water, by John M. Hartman .....January 158; *February 85; June 99*
Gas Air Conditioning Up 318 Percent in Six Years. Survey Shows .....October 44
Gas Burners Eliminates Cooling Tower Fog Near Expressway. Use of .....November 60
Gas Engine Air Conditioning. Plant Management Chooses, by John T. Cartland .....December 105
Gas Engine Drive for Centrifugal Compressors, Natural—(Open for Discussion), by J. C. Conrad .....April 80
Gas Engine Drive, Combined Speed, Vane Control Best for Natural—(Open for Discussion), by C. J. R. McClure .....April 80
Gas Engine Drive For School Air Conditioning, Engineers' Study Points to, by Lee R. McClure .....April 98
Gas Engine Driven Chillers, Research Lab's Engineers Choose, by Hunt V. Martin, Jr. .....June 143
Gas Engine Heat To Supplement Heat Pump. Recover, by Joseph B. Olivieri .....November 119
Gas Reserves Hit New High. Natural .....June 48
Gas Technology. Fuel Cell Being Developed At Institute of .....September 43
Gas Turbines Compete As Power Sources for Air Conditioning? Can, by A. Eugene Congress .....December 87
Gas Turbines Supply Power To Heat, Cool Office Building. Natural .....December 28
Glass Fiber Duct, Ventilating Ceiling. Small Office Building Air Distribution Uses, by George T. Dearing .....December 114
Gordon Research Conference. Air Quality Criteria To Be Discussed at .....February 174
Grants for Air Pollution Research. U. S. PHS Reviews 1962 ..February 173
Greenhouses. How To Cool, Heat Plastic Enclosed .....February 172
Guarantees Realistic. Propose New Spec To Make .....May 42

H

HPAC Names Seven to Editorial Advisory Board .....February 41
HTHW for Tire Curing Relies on Water Treatment, Recovery. Successful Use of, by S. A. Kuli .....March 110; *July 75*
Hardy, Howard C., Dies in Auto Crash .....February 44
Heat, Cool Office Building. Natural Gas Turbines Supply Power To .....December 28
Heat Exchanger, The Rotary Air-to-Air, by Frank A. Stanton ..February 121
Heat Office Tower During Modernization. Lights, Stack Effect .....November 64
Heat Pump Employs Panel Heating as Refrigerant Condenser, by Erwin L. Weber .....October 95
Heat Pump Not a Heat Pump? When Is a, by Lester T. Avery .....May 127
Heat Pump. Recover Gas Engine Heat To Supplement, by Joseph B. Olivieri .....November 119
Heat Pump Serving Office Building Complex. Trichloroethylene Conveys Heat in Air Source, by Ross E. Polkinghorne .....May 133; *October 85; November 104*
Heat Pump System. Northern School Will Be Heated, Cooled by ..March 4[illegible]
Heating and Air Conditioning Show, Preview of .....January 237
Heating in Atomic Age. Temporary .....December 26
Heating Boilers. On the Care and Operation of, by John Van Varick Elsworth .....October 105
Heating Coils. Where To Locate Vacuum Breakers For Air, by Joseph M. Thompson .....November 140
Heating-Cooling Changeover Problems. Time Adjusted Valves Eliminate, by G. H. Avery .....May 140
Heating, Cooling to Douglas Space Center on Metered Basis. Firm To Sell .....April 41
Heating and Cooling Problems. How Motel Solved Intermediate Season .....October 44
Heating Data For Buildings in Early Design Stages. Empirical Formula Gives, by H. A. Dodge .....April 111
Heating. Evaluating Performance and Costs for Better Industrial, by A. P. Loeb .....October 135
Heating: How They Are Being Applied. Thermoelectric Systems of Cooling and, by Alwin B. Newton .....December 125
Heating Plant Modernization. Establishing a Design Philosophy for, by John S. Blossom .....September 118
Heating Service, Guides to, by John M. Hartman .....December 116
Heating. Thermoelectric Systems of Cooling and, by Alwin B. Newton

.....October 123; November 152
Heating This Swimming Pool? How To Prevent Condensation In, by Donald H. Snyder .....November 126
Heating Unit Ventilators. Compares Experience in Controlling Electric —(Open for Discussion), by Joseph E. Biro .....February 88
Heats, Cools Satellite Terminals, Radiant Floor System, by J. S. Hamel and R. W. Steele .....January 135; *May 92, 94*
High Temperatures With Aid of Nomograph. Protect Electric Motors From, by F. Caplan .....November 147
Home To Roost, by Alfred D. Sullivan .....August 121
Hospital, Heating, Ventilating Design for Northern Maine, by C. W. Kimball .....August 96
Hot Water Expansion Tanks. Nomograph Permits Rapid Sizing of, by F. Caplan .....September 139
Hot Water System? Are Modulating Valves Necessary In Forced— (Question of the Month) ..January 129
Humidification Protects Salvaged 17th Century Warship, Direct Spray .. ..June 120
Humidity Symposium Reports New Methods For Precise Measurement and Control .....July 108
Hunter, L. N., To Become ARI Managing Director .....December 28

I

IIR Holds 11th Congress in Munich, by W. F. Stoecker .....November 132
Ice Skating Rinks. How to Design, by Eugene M. Smith .....September 111
Ice Skating Rinks. How To Design, Install, by Eugene M. Smith ....November 129
Index Manufacturers' Literature, How To File and, by Betty L. Lee ....February 103; *July 79, 80*
Indexing of Engineering Literature. Schedule of Training Courses in .. ..September 50
Inducers on Low Pressure Boilers, Pointers on the Installation of Draft, by H. A. Reynolds ....June 115
Industrial Heating. Evaluating Performance and Costs for Better, by A. P. Loeb .....October 135
Industrial Ventilation—The Design of Exhaust Systems and Discharge Stacks, Planning for Safety in, by John H. Clarke .....May 118; *August 78, 80, 86; October 86*
Installation by Air .....May 41
Instructor Training Program Enters Tenth Year at Purdue. UA's ....August 98
Instrument Costs. Urges Author to Continue Efforts In Estimating— (Open for Discussion), by James H. Shaw .....March 96
Instrument Installations, How To Estimate Costs of—(Open for Discussion), by L. L. Perry .....March 96
Insulation. Cites Limitations of NIMA Method for Air Conditioning— (Open for Discussion), by C. F. Gilbo .....January 117
Insulation Contractor Cuts U. S. Navy Contract Costs with Stapler .....August 46
Insulation for Piping. How To Estimate Costs of Cold, by T. N. Dinning .....July 119; *November 102*
Insulation for Piping. How To Estimate Costs of Hot, by T. N. Dinning .....June 133; *November 102*
Insulation Thickness, Preventing Surface Condensation—New Method Tells How to Determine—(Open for Discussion), by J. M. Barnhart .....*January 118*
Integrated Lighting and Air Conditioning. Dynamically, by Gershon Meckler, Alfred E. Hoertz, and Milton Meckler .....April 124
Integrated Lighting. Air Conditioning Installation Points Up Advantages of—(Open for Discussion), by Lester S. Ries .....January 124
Integrated Lighting-Cooling System Works, Has Own Ideas on How— (Open for Discussion), by A. M. Laukaitis .....January 124
Integrated System Provides Mechanical, Electrical Service for Survival Shelters—(Open for Discussion), by J. M. Stephenson .....June 104
International Engineering, U. of Colorado to Sponsor Institute for ....January 46
Ironer that Wouldn't Heat, The Case of the, by C. T. Baker .....April 123

J

Joints. Lab Tests Establish Essentials For Sound Lap .....February 106

K

Kansas State University Dedicates Its Institute for Environmental Research .....December 23
Kindergarten Floors in Chicago Schools. Electric Heat Warms ....December 102

L

Lab Work Requires Dual Water Supply and Waste Piping Systems, by A. W. R. Oswald .....April 112
Labor Unit Improves Accuracy of Piping Installation Cost Estimates, New, by Louis L. Perry .....April 95
Laboratory. Controlled Environment, Piping Aid Research in New, by Murray Halperin and Kenneth J. Ellis .....May 107
Lab's Engineers Choose Gas Engine Driven Chillers, Research, by Hunt V. Martin, Jr. .....June 143
Lap Joints. Lab Tests Establish Essentials For Sound .....February 106
Launch Sites. Create Temperature Extremes to Test A-C Units for Missile, by Philip F. Little .....August 91
Law. Inventor Fails in Attempt To Break Physical, Civil, by R. A. Brown .....March 117
Leaks. Sonic Device Detects Pipeline .....April 42
Leaks in Ventilating Ceiling Systems. How to Deal With Plenum, by Thomas Mariner .....November 160
Lien Right Makes Owner Pay Twice, Subcontractor's, by R. A. Brown .....February 120; *September 91, 92*
Lighting and Air Conditioning. Dynamically Integrated, by Gershon Meckler, Alfred E. Hoertz, and Milton Meckler .....April 124
Lighting, Air Conditioning. Installation Points Up Advantages of Integrated—(Open for Discussion), by Lester S. Ries .....January 124
Lighting-Cooling System Works. Has Own Ideas on How Integrated— (Open for Discussion), by A. M. Laukaitis .....January 124
Literature. How To File and Index Manufacturers', by Betty L. Lee .. ..February 103; *July 79, 80*
Low Pressure Duct Manual. SMACNA Revises Its .....August 108
Low Pressure Steam Brings Higher Boiler Efficiency. Conversion to— (Open for Discussion), by John M. Hartman .....February 88

M

MCAA President Urges Contractor Testing of New Products ....November 66
MSCA Elects Chairman, Vice Chairman .....November 60
Machinery Rooms, How To Determine Ventilation Rates For, by John D. Constance .....April 107
Maintenance Costs, Simple Card Record System Cuts Piping, by D. G. Poppe .....April 134
Makeup. Spray Painting Conditions Provided by Direct-Fired, Unvented .....May 143
Marchase, Joseph A., President. RACCA-National Elects .....April 175
Materials and Conditions for the Prevention of Pipe Failures, Relate Welding Processes to, by Helmut Thielsch .....March 104
Measurement Engineering Short Course in January. ASU to Conduct .....November 66
Measurement Point. Measured SP on Suction Side Includes VP at— (Open for Discussion), by R. A. Gerlitz ....January 118, March 92, 94; April 79
Mechanical Contractor Appointed to Construction Safety Commission. Michigan .....September 46
Mechanical Contractors Association Elects New Officers in San Francisco .....July 39
Mechanical Contractors Estimate Piping Labor. How — (Open for Discussion), by A. L. Zinman November 101
Metal Hose Handles Vibration, Expansion in Cryogenic Piping. Flexible .....November 115
Meters Perform In Steam and Fluid Flow Services. How Bellows Flow, by W. R. Woolrich and Jack L. Flowers .....July 129
Missile Launch Sites. Create Temperature Extremes To Test A-C Units for, by Philip F. Little ....August 91
Miters, New Tables Give Properties of Weld Elbows and, by Theodore E. Bridge and Donald R. McIlvain .....January 153; March 131

Mixer Provides Nonturbulent Flow; Stationary Fluid, by D. G. Poppe .. ..March 118
Mixing Units Provide Air Distribution Economy In Remodeled Office Building. Single Inlet, by Maurice Gamze ..April 114
Modulating Valves Necessary In Forced Hot Water System? Are—(Question of the Month) ..January 129
Motel Solved Intermediate Season Heating and Cooling Problems. How ..October 44
Munich. IIR Holds 11th Congress in, by W. F. Stoecker ..November 132

N

NFPA to Revise Standards-Making Procedures ..September 50
NIMA Method for Air Conditioning Insulation, Cites Limitations of —(Open for Discussion), by C. F. Gilbo ..January 117
NOFI Launches Standards Project For Oil Burning Equipment .. ..March 47
NSPE Certification, Engineering Technicians Can Now Apply for ..May 40
New York City Administration Supports Single Contract Legislation ..May 41
Noise in Ducts Subject of ASHRAE-Sponsored Research, Regenerated .. ..June 46
Noise. What To Do About Cooling Tower, by Herman Seelbach, Jr., and Frederic M. Oran .. .. June 150; *August* 76
Nozzle Diameters For Measuring Standard Air. Chart Guides Selection Of Orifice—(Data Sheet), by Carl W. Coblentz ..October 143
Nuclear Lab Work Requires Dual Water Supply and Waste Piping Systems, by A. W. R. Oswald .. ..April 112
Nuclear Power for University Plants?, by Lester S. Ries ..October 141

O

Office Building. Air Conditioning a 41 Story, by Lyman R. Flook .. ..December 118
Office Building Air Distribution Uses Glass Fiber Duct, Ventilating Ceiling. Small, by George T. Dearing ..December 114
Office Building Complex. Trichloroethylene Conveys Heat In Air Source Heat Pump Serving, by Ross E. Polkinghorne .. May 133; *October 85; November 104*
Office Building. Natural Gas Turbines Supply Power To Heat, Cool ..December 28
